Major Changes

Reporting Requirements

What is the Legislative Budget Request (LBR)?

The LBR is the mechanism that is used to describe and justify all of an agency's program needs and requirements by category and fund source segmented into issues.

The LBR is a document that contains numerous exhibits and schedules which show the accounting and budgetary picture of an agency for three fiscal years. (Actual Prior Year, which is recorded from FLAIR; Current Year Estimated, which includes adjusted actual appropriations; and the Request Year, which is the budget request). The LBR is prepared at the budget entity level.

LBR Due Date To JAC

All LBR data entry forms, schedules, exhibits, etc. are due to the JAC Budget Office by Friday, July 30, 2021 at 5:00 P.M. EDT.

This will allow sufficient time to review, compile and process data for all JAC agencies.

- Please e-mail all completed LBR forms to <u>budget@justiceadmin.org</u>.
- You will receive an email confirmation that the information has been received.
- If we need additional information from you, we will send a follow up email.
- <u>If you do not hear from the JAC Budget Office within 2 business</u> days of your submission, please contact us via email.

LBR Public Publication

All completed LBR forms, exhibits, schedules, and related documents must be uploaded to the Florida Fiscal Portal by September 15, 2021.

Written notification (usually via email) is sent from JAC to Legislative staff and the Governor's Office.

The Florida Fiscal Portal

http://floridafiscalportal.state.fl.us/Publications.aspx

This website houses a collection of documents that detail the fiscal status of the State of Florida. Included in this collection are Agency Legislative Budget Requests, Governor's Budget Recommendations, House and Senate Appropriations Bills, and a variety of other fiscal publications. The documents have been organized by the fiscal year in which they are submitted, the Agency (Organization) responsible for their submission, and the type of publication.

Section 5

Provide the issue narrative in the box below:

The State Attorney and Public Defender of the XX Judicial Circuit have agreed to implement an Early Case Resolution Program in XXXXXX County as a cost savings measure, to expedite cases and alleviate overcrowding at the county jail. The division personnel will investigate whether a case can be resolved at the very earliest stages of the trial process. Early disposition will ease pressure on the state court system and reduce overall due process costs for this circuit.

This division would require two experienced felony attorneys, one legal assistant and one investigator position. The salary rate requested for the Assistant State Attorneys (2 @ 50,000 each) will be required to hire attorneys at the level of experience needed. Salaries for the investigator and legal assistant positions are requested at the default minium for the pay grade. State Attorney Operating Expenditures budget of \$16,824 (\$10,742 non-recurring) is requested to establish the positions as per Standard # 3, modified for State Attorneys.

This issue will have a positive, cost savings impact on felony and juvenile prosecution activities, as well as civil action services, in that the Early Case Resolution Division will be used to expedite both criminal and civil cases.

Fund Source Identifier (FSI)

The Funding Source Identifier (FSI) is a one digit code used to identify the source of funds for current appropriations and each new budget issue requested. The most common codes used by JAC agencies are 1, 3, and 9. Some agencies also use an FSI of 2.

<u>FSI of 1 = State</u> <u>Funds/Non-match</u>: Identifies issues funded with non-federal revenue sources excluding General Revenue or other state funds used to match federal dollars.

<u>FSI of 2 = State Funds/Match</u>: Identifies General Revenue and Trust Fund dollars which are used to match federal funds.

This code would only apply if you are the recipient of a federal grant that requires a matching amount to be paid from state revenues.

<u>FSI of 3 = Federal Funds</u>: Identifies issues funded by actual federal receipts.

This code would only apply if you are the recipient of federal funding which your agency receives directly from the federal government. Examples: Byrne Grants, DOJ/JAAG, etc.

FSI of 9 = Transfer – Recipient of Federal Funds: Identifies federal funds which are received through an operating transfer from another state agency.

This code would only apply if you are the recipient of federal funds, (such as a federal grant) that are passed through to your agency from another state agency or local government whereby your agency is the sub-grantee.

LBR Narrative (Example) (continued)

Both budget constraints and the pandemic have placed additional importance on these valuable and critical services. Budget limitations have increased the workload on all staff members and have restricted the number of staff that are available to serve the treatment courts, creating a possible delay for those citizens that need it the most and keep participants out of the revolving door of the judicial system. The pandemic has placed additional health concerns and mental anguish on the citizens waiting for treatment through these courts making it more important than ever for the utilization of these Diversion programs.

To meet the requirements of a key stakeholder in Diversion Courts, we are asking for recurring General Revenue Funds for two (2) Assistant State Attorneys and one (1) support position. Staffing these Diversion Courts will allow personnel to quickly and efficiently manage these programs, reducing clients' time in jail and expediting the treatment that is so vital. These positions are compatible to the positions that the Public Defenders Offices were allocated in the 2020/21 budget session. To make these circuit wide programs effective, all stakeholders must be staffed adequately and fairly

Fully explain any request for additional resources for workload issues. If positions are requested at above the minimum salary rate for the pay grade, explain the reason for the difference.

The State Attorney and Public Defender of the XX Judicial Circuit have agreed to implement an Early Case Resolution Program in XXXXXX County as a cost savings measure, to expedite cases and alleviate overcrowding at the county jail. The division personnel will investigate whether a case can be resolved at the very earliest stages of the trial process. Early disposition will ease pressure on the state court system and reduce overall due process costs for this circuit.

This division would require two experienced felony attorneys, one legal assistant and one investigator position. The salary rate requested for the Assistant State Attorneys (2 @ 50,000 each) will be required to hire attorneys at the level of experience needed. Salaries for the investigator and legal assistant positions are requested at the default minium for the pay grade. State Attorney Operating Expenditures budget of \$16,824 (\$10,742 non-recurring) is requested to establish the positions as per Standard # 3, modified for State Attorneys.

This issue will have a positive, cost savings impact on felony and juvenile prosecution activities, as well as civil action services, in that the Early Case Resolution Division will be used to expedite both criminal and civil cases.

Realignment of Budget Authority

If you consistently need to process 5% or \$250K (whichever is greater) budget amendments for movement of budget authority between categories or between budget entities multiple times during consecutive fiscal years or at the end of every fiscal year, please consider realigning your budget.

How do you know if your budget authority needs realigning?

- A good rule of thumb is to analyze the prior three to five year history of the number and types of budget transfers that your office has requested.
- Review your base budget by category to determine if amounts appropriated by category are sufficient to accommodate anticipated expenditures.
- > Determine if there are any on-going shortfalls or surpluses in any categories.

Realignment of Budget Authority (Continued)

Example: An agency consistently moves \$20,000 in General Revenue each year into the Other Personal Services (OPS) category and wishes to make this action permanent.

Approval of a realignment issue in the LBR will allow this agency to avoid future budget amendments.

Realignment LBR Issue: Move GR Budget Authority Between Categories Issue Codes 2000100 (Add) and 2000200 (Deduct)

Appropriation Category	<u>Fund</u>	<u>Amount</u>	<u>Issue Code</u>
OPS (030000)	GR	\$20,000	2000100 (Add)
		,	
Salaries and Benefits (010000)	GR	(\$20,000)	2000200 (Deduct)

Realignment of Appropriation Categories Related to Administered Funds

Administered funds such as **Pay Increases**, **Health Insurance Adjustments**, and **Retirement Adjustments** are appropriated in one statewide lump sum line item in the General Government section (Section 6) of the GAA. These appropriations will be distributed to each agency by the Governor's Office of Policy and Budget (OPB) and can be seen on the agency's Appropriation Ledger once they have been approved.

These distributions are not allocated 100% to General Revenue, but are based on the fund split in the GAA for your Salaries & Benefits category (each budget entity is different).

Realignment of Appropriation Categories Related to Administered Funds (Continued)

Example of GAA Salaries & Benefits Appropriation Administered Fund Split:

Total	\$15,600,000	100.00%
SA Revenue TF	\$ 2,000,000	12.82%
Grants & Don. TF	\$ 500,000	3.21%
General Revenue	\$13,100,000	83.97%
<u>Fund</u>	Appropriation	% of Total

Administered Funds allocations for Retirement, Health, etc. would be applied at 83.97% GR and 16.03% TF.

With a Retirement Adjustment of \$100,000, the G&D TF allocation would be \$3,210 and the SARTF allocation would be \$12,820.

Realignment of Appropriation Categories Related to Administered Funds

Because trust funds must be maximized by OPB for all Salary adjustments, the agency in the example above may end up with excess Salaries & Benefits budget authority in their trust funds. You may wish to consider moving excess Salaries and Benefits trust fund authority to a different appropriation category, such as Operations, while also transferring GR budget from Operations into Salaries and Benefits.

Realignment LBR Issue (Move Budget Authority Within Same Fund):

Appropriation Category	<u>Fund</u>	Amount
Salaries & Benefits (010000)	SARTF	(\$250,000) Action 1 of 3
SA Operations (103225)	SARTF	\$250,000
Appropriation Category	<u>Fund</u>	Amount
Salaries & Benefits (010000)	GDTF	(\$200,000) Action 2 of 3

SA Operations (103225)	GR	(\$450,000) Action 3 of 3

Reduce Surplus Budget Authority

The accumulation of budget authority in trust funds can become problematic. If there is insufficient cash to support the additional budget authority you may want to consider deleting unfunded budget using issue code 3301510 "Reduce Trust Fund Authority".

BEFORE: Example GAA Salaries & Benefits Fund Split:	AFTER: Example GAA Salaries & Benefits Fund Split:
---	--

<u>Fund</u>	Appropriation	% of Total	<u>Fund</u>	<u>Appropriation</u>	% of Total
General Revenue	\$13,100,000	83.97%	General Revenue	\$13,100,000	85.34%

SA Revenue TF	\$ 2,000,000	12.82%	SA Revenue TF	\$ 1,750,000	11.40%
Total	\$15,600,000	100.00%	Total	\$15,350,000	100.00%

By reducing your surplus trust fund salary authority, you would be increasing the percentage of GR to the overall total salary appropriation. This will result in an increase in GR Salaries and Benefits from administered funds allocations in the future.

LBR Issues – The Review Process

- A. Now that you have written your LBR Issues, **please carefully review** for content accuracy (narrative and dollar amounts) in compliance with the LBR Instructions.
- B. Submit all Issues electronically to the JAC Budget Office on the Excel data entry form per the template provided. Narrative can be attached in a Microsoft Word document if additional space needed.

* * PLEASE DO NOT SEND AS A PDF **
This will restrict the cut and paste
into LASPBS.

LBR Issues – The Review Process (continued)

C. Once the Issues are placed into LASPBS by the JAC Budget Office, you will receive an email confirmation and a copy of all issues via a system generated Exhibit D-3A Report (Expenditures by Issue, Appropriation Category & Fund with narrative justification).

PLEASE REVIEW THIS REPORT THOROUGHLY TO ENSURE THAT ALL OF YOUR REQUESTED ISSUES HAVE BEEN ENTERED INTO LASPBS.

❖ If any LBR Issue that you have requested via submission to the JAC Budget Office does not appear on the Exhibit D-3A Report, please notify us and JAC's Executive Director immediately at:
Budget@justiceadmin.org

What is an Exhibit D-3A Report?

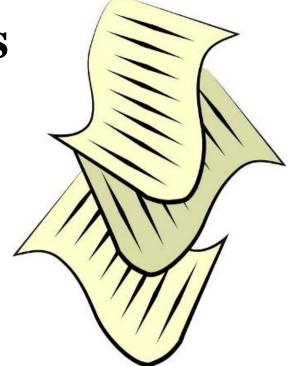

- ❖ The Exhibit D-3A Report is the most detailed level report of all the LBR documents and provides justification and impacts of the requested funding via "Issue Narratives". It contains a series of codes related to the funding request that includes issue codes, program components, categories, dollar amounts, and fund IDs.
- The issue narratives explain the need for an appropriation, and are the building blocks or framework of the appropriations bill to identify and describe increases and/or decreases to the budget.
- ❖ The Exhibit D-3A Report that your office will receive after all LBR issues are entered into LASPBS, will be displayed in Column format:

Trust Fund Reporting Schedule I Series

What is a Trust Fund?

- A Trust Fund serves as a depository for funds that are earmarked for a specified purpose which may not be used for anything to the contrary. It is created by law and remains in existence and active for a period of four (4) years and then undergoes Legislative review. At that time the trust fund may be recreated, retained, terminated, or modified at the request of an agency during the LBR process via the submission of a Schedule 1D Form.
- Trust Funds must have specific sources of receipts/revenues [state, federal, municipal, etc.] and can have certain restrictions or prohibitions as to allowable expenditures from the trust fund or types of receipts deposited thereto.
- There are eight primary trust funds within Justice Administration, and the combined FY 2022-2023 appropriations is \$172,530,614. Approximately \$20M increase over last year.
- All agencies that are administratively served by JAC are required to report their trust funds activities annually via submission of the LBR Schedule I Series of Reports.

Circuit/Office: State Attorney Office, XX Judicial Circuit

Trust Fund Name: State Attorney Revenue Trust Fund, FID# 2058

Name of Person Completing This Form: XXXXX XXXXXX

Telephone #: xxx-xxx-xxxx

Revenue Estimating Methodology:

Article V Traffic Fines: Projections for Article V traffic fines are based on the July 2020 Revenue Estimating Conference Meeting where the estimated Revenue Distributions by Fund aggregate total receipts for all State Attorney Offices is projected to be \$5.0 M for FY 2020-2021 and \$5.8 M in FY 2021-2022. Using each circuit's pro-rata share of the total actual receipts for FY 2019-20, SA XXs estimated receipts are \$112,000 for FY 2020-2021 and \$129,920 for FY 2021-2022.

Cost of Prosecution: This projection is based on the trend line of historical data together with seasonal factors such as student influx XXX. County Clerk of Court collection practices as well as outlying counties are being maintained. COVID-19 impact is estimated in 20-21. With case filings sentencing being done at a slower pace, a decline in revenues is expected with a recovery in 21-22.

Misdemeanor Diversion: This projection is based on several years of historical data. Offenses subject to diversion have expanded thereby increasing collections. A circuit-wide pilot program was initiated in January of 2018. This consistency is projected to increase collections as well. COVID-19 impact is estimated in 20-21 with a recovery in 21-22.

Identity Theft: This projection is based on averages since FY 16-17, the year the surcharge was implemented. This is a surcharge of \$250 for the purpose of funding prosecutions of offenses relating to the criminal use of personal identification per F.S. 817.568(12). Revenues since FY 16-17 have averaged at \$1,500 a year.

BUDGET OFFICE WILL INSERT 5% RESERVE AND 8% SCGR HERE.

Explanation of Schedule I, Section III Accounting Adjustments:

None applicable.

Negative Unreserved Fund Balances On the Schedule I Report

In any reporting period (current or requested fiscal year), the estimated receipts combined with the prior year carry forward unreserved fund balance amount must be sufficient to support the total estimated operating and nonoperating expenditures/budget authority as noted on Lines "D" and "E" of the Schedule I Report

Any negative unreserved fund balances <u>must be eliminated</u> by either:

- A. Increasing the estimated receipts (where feasible) or
- B. Reducing estimated expenditures/budget authority before final submission into LASPBS and upload of the Schedule I Reports to the Florida Fiscal Portal

Strategies To Eliminate Negative Unreserved Fund Balances On The Schedule I Report

OPTION 1

Increase Estimated Receipts (Revenue)

For the current FY or LBR Request Year, increases in receipts can only be made if the amount can be substantiated by contracts, memorandums of agreements or reasonable projections.

All receipt projections must be justified in the Schedule I Narrative document which provides the methodology as to how the estimated figures were determined.

OPTION 2

Decrease Expenditures/Budget Authority

If the decrease is for the current year, notify JAC of the exact amount to reduce and a line item adjustment called "UNFUNDED BUDGET" will be entered in Section II. This will, in effect, reduce Line "D" [estimated expenditures /budget authority] for purposes of balancing the Schedule I Report only. An agency's actual current year budget authority will not be reduced by this action.

If the decrease is for the request year, then an LBR issue should be considered requesting the deletion or reduction in budget authority that is not supported with sufficient estimated receipts or that is no longer needed.
