Travel – 2017 Legislative Session Update

During the 2016 Legislative Session money was appropriated for a statewide travel system to be used by all agencies.

The Department of Management Services (DMS) was tasked with securing a vendor to provide travel system.

JAC met with DMS staff in the Fall of 2016 to exchange information.

- JAC provided an overview to DMS of travel for all 50 entities of Justice Administration.
Statewide Travel System - Update

- JAC met again with DMS staff on April 4, 2017
- All state agencies are being implemented in waves
- JAC offices are in the last three waves
- Waves beginning in late summer...perhaps
- Need volunteers to be on the implementation team
  - Contact Vicki Nichols if you wish to be on the team

Statewide Travel System - Update

- What we know now regarding the system
  - Web-based system
  - For creating the travel voucher and related travel documents only (replacing the travel voucher, etc.)
  - Agencies will upload receipts to the system
  - Workflow will route travel for approval in local offices, then to JAC
  - After JAC reviews and approves, a file will upload the travel to FLAIR
  - Many reports available for each office; the reports will also be viewable by the Legislature
Non-employee Travel

- Non-employees will be reimbursed for travel expenses using the current forms
  - Not with the statewide travel system
- The statewide travel system will be utilized for employee travel only
General Principles Governing Travel

- Travel activities for state employees should be limited to those that are “critical to the mission” of the state agency.
- Many offices have elected to provide a “Mission Critical Travel Memo” signed by the agency head which outlines in detail the types of travel deemed “mission critical”.
- This memo is kept on file at JAC and DFS. This is one method to document critical travel activities for an agency.

General Principles Governing Travel

- It is generally expected that the most economical means of transportation and the most direct route should be used when traveling on state business.
- However, there are instances when this is not required.
**General Principles Governing Travel - $150 Room Rate**

- **$150 room rate limitation – when does it apply?**
  - Meetings, conferences, or conventions *organized by your office*
    - Your office has “control” over booking/choosing the room
    - Recruitment activities
    - Other operational-type meetings

- **$150 room rate limitation – exemptions**
  - Officers’ travel (appointed or elected officials*)
  - Attending a conference *not organized by your office*
  - Investigation activities
  - Litigation activities
  - Law enforcement activities
  - Non-employees (e.g. witnesses)

---

*Officer or public officer—An individual who in the performance of his or her official duties is vested by law with sovereign powers of government and who is either elected by the people, or commissioned by the Governor and has jurisdiction extending throughout the state, or any person lawfully serving instead of either of the foregoing two classes of individuals as initial designee or successor (s.112.061, F.S.)*
General Principles Governing Travel

- If a trip for any traveler is less than 24 hours and there is no overnight stay, the traveler **MAY NOT be paid for meals**. He or she may be paid for mileage or other incidental expenses such as fuel, tolls, parking fees, etc., but not for **meals**.

- This is considered “Class C” travel and is not permitted except in very specific circumstances, that is, when travelers are working in an emergency/disaster situation, when a state of emergency has been declared by the Governor (see RGSE).

General Principles Governing Travel

- When traveling by common carrier (airline, train, car rental) agency employees should use a state term contract if one is available for the common carrier.
- Enterprise/National is the state term contractor for renting vehicles and should be utilized if a car rental is needed when traveling on state business.
General Principles Governing Travel

- When submitting a Voucher Schedule for Reimbursement of Travel Expenses (travel voucher), the travel voucher should tell the “whole story” of the travel and should be accompanied by all receipts and other relevant documentation related to the trip(s).

- When filling out the Voucher for Reimbursement of Travel Expenses, each day of the trip should have its own separate line.
- Each line should reflect relevant information for that day so that eligible costs can be determined.
“Expenditures properly chargeable to travel include registration payments, reimbursements of mileage for privately-owned vehicle, per diem and subsistence allowance, common carrier transportation, and other expenses incidental to travel which are authorized by state law. Section 112.061, F.S., and Rule 69I-42, F.A.C., govern travel expenses.”

Travel Expenses - General Information

- All travel must be authorized and approved by the agency head or his or her designee [s. 112.061(3)(a), F.S.]
  - Travel forms (authorization or voucher) provide approvals
- The traveler’s supervisor should provide a signed statement that the traveler is on official business of the state [s. 112.061(3)(a), F.S.]
  - Travel voucher & supporting documentation will fulfill this requirement
- Travel expenses of travelers shall be limited to those expenses necessarily incurred by them in the performance of a public purpose authorized by law to be performed by the agency [s. 112.061(3)(c), F.S.]

Travel Expenses - Point of Origin/Official Headquarters

- Official Headquarters – the city or town to which the person is assigned or the majority of work is located [s. 112.061(4), F.S.]
  - Special circumstances may alter this designation as defined by s. 112.061(4)(b)(c), F.S.
- Point of Origin – the geographic location of a traveler's official headquarters or the geographic location where travel begins, whichever is lesser distance from the destination (RefGuide, p. 10)
- Employees’ and state officials’ travel expenses are generally calculated using the point of origin
Travel Expenses - Computing Travel Times

- Computation of travel time is based on a 24 hour clock and quarterly intervals within the 24 hour period (RefGuide, p. 56)
  - Class A Travel - continuous travel of 24 hours or more away from official headquarters. The travel day for Class A is based on a calendar day (midnight to midnight)
  - Class B Travel - continuous travel of less than 24 hours which involves overnight absence away from official headquarters. The travel day for Class B travel begins at the same time as the travel period
  - Class C Travel - short or day trips in which the traveler is not away from his/her official headquarters overnight. Class C travel payments are NOT authorized to be paid at this time.

Travel Expenses - Subsistence/Meals

- Travelers may be reimbursed subsistence/meal allowances (class A & B only) at the rates of:
  - Breakfast - $6.00 (When travel begins before 6 a.m. and extends beyond 8 a.m.)
  - Lunch - $11.00 (When travel begins before 12 noon and extends beyond 2 p.m.)
  - Dinner - $19.00 (When travel begins before 6 p.m. and extends beyond 8 p.m. or when travel occurs during nighttime hours due to special assignment.)

Please note: meals provided with conference registration fees may be deducted from subsistence allowances to travelers.

Source: s. 112.061(6)(b), F.S.
Travel Expenses - Per Diem or Expenses and Subsistence

- Per Diem – “By the day” is defined as a daily allowance usually for living expenses while traveling in connection with one’s work (Source: Dictionary.com)
- Rate for per diem is $80.00 per day [s. 112.061(6)(a)(1), F.S.]
- Within a 24 hour period a traveler’s reimbursement is calculated via one of the following methods (RefGuide, p. 57):
  A. Per diem of $80.00/day ($20.00/quarter day) OR
  B. Actual expenses for hotel, transportation, etc. and subsistence/meal allowance

Travel Expenses - Computing Travel Times

Per Diem Clock
Travel Expenses - Transportation

- Traveler should use the most direct route
- Agency head should designate the most efficient and economical method of transportation while considering:
  - Nature of business
  - Number of persons traveling
  - Time of traveler(s)
  - Subsistence that may be required

(RefGuide, p. 57)

Travel Expenses - Transportation

- Common carrier - train, bus, commercial airline operating scheduled flights, or rental car of an established rental car firm (RefGuide, p. 8)
  - State term contracts should be used (e.g. Enterprise)
  - Justification may be required when not using an available state term contract
- Privately owned vehicles – may be used for official state travel at the discretion of the agency head (RefGuide, p. 59-60)
  - Traveler may receive a mileage allowance of 44.5 cents/mile (certain conditions affect reimbursements; see RefGuide)
Travel Advances – General Information

- Advances may be made or authorized by an agency head (or his or her designee) to the traveler to cover anticipated costs of travel (RefGuide, p. 60)
  - 80% of estimated travel reimbursement
  - Advance may be made 10 business days or less prior to travel occurring
  - Subsistence/meal allowances
  - Other out-of-pocket travel expenses anticipated

Please refer to RefGuide for complete information and special circumstances that affect travel advances.

John Smith went to New York City to depose several witnesses. He left Tallahassee at 6:00 a.m. on May 10, 2017 and returned at 6:00 p.m. on May 14, 2017. Mr. Smith left his home and drove 16 miles to Tallahassee International Airport. Parking at the airport cost him $10.00/day. He also had to pay a $25.00 baggage fee both ways for his checked luggage. He arrived at JFK airport in New York City at 11:00 a.m. and rented a compact car from Enterprise. From there he checked into his hotel which has a base rate of $175/night and with applicable fees and taxes the total per night is $200.00.

Jane Smith (no relation to John) is excited to go to the 2017 JAC Conference from May 15, 2017 to May 18, 2017. She leaves her home in Tallahassee in her personal vehicle at 1:00 p.m. on May 14, 2017 and had one other co-worker ride with her. Her hotel stay during the conference will be charged to her purchasing card (P-Card). Jane had a toll charge of $20 each way. Jane also had room service charged to P-Card. Instead of returning on May 18th, Jane took an extra day with some family and friends and return to Tallahassee on Friday at 5:00 p.m.

Travel over a period of 24 hours or more will be calculated on the basis of 6-hour cycles, beginning at midnight; less than 24-hour travel will be calculated on the basis of 6-hour cycles, beginning at the hour of departure from official headquarters. Hour of departure and hour of return should be shown for all travel. When claiming per diem, the meal allowance column(s) should not be used. Claims for actual lodging at single occupancy rate plus meal allowances should be put in the “Per Diem or Actual Lodging Expenses” column and include the appropriate meal allowances in the “Meals for Class A & B Travel” column. Vicinity travel must appear in the separate column. When travel is by common carrier and billed directly to the traveler, the amount and description should be included in the “Other Expenses” column. A copy of the ticket or invoice should be attached to this form. If travel is by common carrier and billed directly to the State agency, then the “Travel Performed by Common Carrier or State Vehicle” section above should be completed. If travel is by common carrier and the carrier is paid by the use of the State of Florida Purchasing Card, then the “State of Florida Purchasing Card Charges” section above should be completed. The name of the common carrier should be inserted in the “Map Mileage Claimed” column in these instances. Justification must be provided for use of a noncontract airline (or one offering equal or lesser rates than the contract airline) or rental car (or one having lower net rate) when contract carriers are available. Additionally, justification must be provided for use of a rental car larger than a Class “B” car. If travel is performed by the use of a State-owned vehicle, the word “State” should be inserted in the “Map Mileage Claimed” column on the reverse side of this form, and the above section designated as “Travel Performed by Common Carrier or State Vehicle” should be completed. If lodging is paid by the use of the State of Florida Purchasing Card, the words “Purchasing Card” should be inserted in the “Per Diem or Actual Lodging Expenses” column on the reverse side of this form, and the above section designated as “State of Florida Purchasing Card Charges” should be completed. In incidental travel expenses which may be reimbursed include: (a) reasonable tax fare; (b) ferry fares and bridge, road, and tunnel tolls; (c) storage and parking fees; (d) telephone and telegraph expenses; (e) convention or conference registration fee. If meals are included in the registration fee, per diem should be reduced accordingly. Receipts should be obtained when required. The official Department of Transportation map should be used in computing mileage from point of origin to destination whenever possible. When any State employee is stationed in any city or town for over 30 days continuous work days, such city or town shall be deemed to be his official headquarters and he shall not be allowed per diem or subsistence after the period of 30 continuous work days has elapsed, unless extended by the approval of the agency head. If travel is to a conference or convention, the "Statement of Benefits to the State" section must be completed or a copy of the Authorization to Incur Travel Expenses, Form DF-5-AAA-33, must be attached. Additionally, a copy of an agenda and registration receipt must be attached. Any fraudulent claim for mileage, per diem or other travel expenses is subject to prosecution as a misdemeanor.
